

Frequently Asked Questions

For Schuyler

Tell us about your journey...

What could have been done differently at school to make your life better?

How did your parents take all of this?

What did your parents do that helped you?

Were there things you wished your parents would have done?

What can parents do if they have a kid who is struggling?

What can parents do if they find that other kids (or parents) are not being accepting of their kids?

Where did you and your parents find support and resources?

Has the new visibility of trans people changed things?

What has your experience been with bathrooms and locker rooms?

What can we all do to make inclusion a reality and not a courtroom battle?

How can your story help promote inclusion and tolerance more broadly?

As you look to your future, what do you think will be our reality in five, ten, twenty years?

For Schuyler's Parents

How did you know that your kid was trans?

How do you know it is not just a phase?

What do you think when Schuyler told you he was trans?

What did you do when Schuyler asked about getting top surgery?

What do you worry about - now that Schuyler is public about being trans?

How did you deal with changing pro-nouns, pictures, memories?

How do I accept something I don't even understand?

What would you do differently?

How can I as a parent get educated?

Where can I find support for my child? For me?

What can we as parents do to make life for trans kids better?
